

National CEN in Disorders of Fluency

SAVE THE DATE!!

Working with temperament styles in children who stutter and their families

Speaker: Kurt Eggers

Kurt Eggers holds a BA in Medicine, MA in SLT, and PhD. in Developmental Psychology and Biomedical Sciences. He is secretary and instruction & training committee member of the International Fluency Association and member of the fluency committee of the International Association of Logopedics and Phoniatrics. He is researcher and lecturer fluency disorders at Thomas More U College and Turku University and coordinates the European Fluency Specialisation course (www.ecsf.eu). Kurt has worked clinically for many years and his research focuses on the role of temperament, attentional processes and executive functioning in stuttering.

Date: Wednesday 20th September, 2017
